

HEIRS OF JOHN LINDSEY.

[To accompany bill H. R. No. 151.]

MARCH 5, 1840.

Mr. ANDREWS, from the Committee on Revolutionary Pensions, made the following

REPORT :

*The Committee on Revolutionary Pensions, to whom was referred the petition of the administrator and one of the heirs of John Lindsey, a revolutionary pensioner, now deceased, report :*

That it appears, in consequence of the loss of the pension certificate of said John Lindsey, and the defect in the power of attorney first forwarded by him, and the ignorance of said Lindsey, that he could not draw his pension at Lexington, Kentucky, after the same had been due eight months ; at the time he forwarded the second power of attorney to the Hon. Richard Hawes, but that by law the said pension was then payable at the War Department in Washington. Three full instalments of his said pension were due at the time of his death, which was on the 10th of September, 1838 ; that said John Lindsey, not being able to support himself in consequence of not receiving his pension, removed to the house of, and was supported by, his son, Cyrus Lindsey, to the time of his death ; that he left twelve children, living at great distances apart, and in different States, which would render it expensive and troublesome beyond the value of the arrears of pension due them to obtain powers of attorney from them all, to any person to draw the said arrears. For remedy whereof, the committee report a bill.
